LATELY

Latest Releases & Product News from Copia

September 2009

WE'RE MOVING TO:

1342 Avalon Court
Wheaton, IL 60189

We should be in our new location by September 28th.

Our main phone and fax number have not changed, BUT our support number will change to: 877-720-0921 - toll free! Please change our contact information.

WE'RE TESTING

We plan to send this Lately out over the next month, not once, but three times! Not only do we want you be aware of our move, we're also taking this opportunity to test our FoIP solution with large broadcasts. If you have the time, we're asking you to contact your sales representative if the Lately just doesn't look right.

If you haven't already, experience FoIP, starting with a two line system. Remember it's more cost effective. Again, call your sales rep for more information.

If you have any questions, please **Call** 800-689-8898.

This fax was generated and sent using **FaxFacts**. You received this because this fax number was provided by an individual requesting Copia product information or you are currently a Copia customer. Copia's preferred means of information delivery is fax, but an e-mail version of Lately is available upon request; To remove your fax number from our Lately distribution list call **800-251-6654**.
